The Smarter Sheet Pan Rack

Durable Construction
Made from strong composite plastic materials that are virtually unbreakable, 100% non-rusting and non-corrosive with heat-tolerant molded in rails.

Long Life, Low Maintenance
Backed by a lifetime warranty against rust and corrosion and made with easy to clean, smooth surfaces. Every single part can be replaced if damaged, ensuring a lifetime of service.

Easy to Maneuver, Enhanced Stability
Custom center-stem metal casters or premium plastic casters combined with structurally solid top and bottom frames provide a smooth gliding rack that easily maneuvers anywhere.

Quick and Easy Assembly
Ships knockdown with factory pre-assembled side rail panels and comes together in three easy steps with one tool.

Usable Work Surfaces
Top frame supports a full-size 1826 sheet pan to protect rack contents below or to create a light duty workspace on half size and undercounter racks.

Smart Design. Quality Construction.

NSF COMPONENT

StoreSafe STORE FRESH

The Ultimate Sheet Pan Rack originated from a desire to create a line of racks built on the enduring performance of Camshelving®. With similar material, component design and features that offer lifetime durability, this product expands on the Camshelving promise of "Shelving for Life™."

Choose from 3" (7,6 cm) or 1½" (3,8 cm) rail spacing.

ABOUT RAIL SPACING

3" rails are the most versatile. This "speed rack" style allows for quick loading and unloading.

1½" rails are best for high productivity or bakery applications, for maximum holding capacity.

Holds full-size (1826) and half-size (1318) sheet pans.

Note: Does not hold food pans directly on rails. Food pans must be placed on sheet pans.

WEIGHT BEARING CAPACITY — FULL SIZE RACKS

350 lbs. (159 kg) per Rack
55 lbs. (25 kg) per Rail Set

End load design with no middle crossbar provides quick and easy access to rack contents.

Positioning ribs on ends help to keep sheet pans centered on rails.

Molded in ribs promote airflow for efficient cooling or thawing.

Color:
Brushed Graphite (580)

Patent Pending

CASTER COMPARISON

Why Choose Metal?

- An affordable, all purpose caster that can go anywhere in the kitchen (except freezers).
- Custom center-stem design enhances rack stability, even across uneven surfaces.
- Zinc-plated frame with non-marking polyurethane wheel.
- Racks include 4 swivel casters, 2 with brake, 2 without.
- 5" (12,7 cm) for Full and Half Size racks; 3" (7,6 cm) for Undercounter racks.

Why Choose Plastic?

- Offers a 100% rust and corrosion-free rack from top to bottom.
- Ideal for use in any kitchen environment, including freezers and blast chillers.
- Nylon frame with non-marking thermoplastic rubber wheel.
- Racks include 4 each 5" (12,7 cm) swivel casters with total locking brake that locks both swivel and wheel.
- Available on Full and Half Size racks only.
