Solstice Modular Fryer Systems

Fryer Battery Shown: 3 different models, 3 different controls, 1 basket lift

✓ Easy Installation

Utilize common filter drawer, power cords and gas connections for easier installation.

✓ Professional Look

Common front to back dimensions and similar features allow for a lineup that looks as professional as it cooks.

✓ Upgrade Now, Upgrade Later

11Ready to accommodate changing business needs. Add a fryer to a battery already in the field or upgrade existing fryers. Features to add on additional fryers and options in the field are integrated into the modular design to make upgrading easy. Furthermore, new technology is typically compatible with existing equipment.

Solofilter Add-on

✓ Mix and Match

Any size fryer can be located next to any other size fryer as long as they belong to the same platform. (Solstice platforms include: SG*,SSH, SGM, SE) **stand alone fryers are not modular.* Filter drawers, dump stations and crisp & holds can be located anywhere within the fryer battery. Different controls and options can exist on as few or as many fryers within the same battery.

✓ Trillions of Possible Combinations

Solstice modular fryer systems have so many possible combinations to meet your specific needs that it is difficult to count.
