# Disposers and Controls

SALVAJOR®

# DISPOSERS

## CONE ASSEMBLIES

Choose the cone size that best suits your scrapping needs. We manufacture cones in 12, 15 and 18 inch diameters with optional covers to match.

## SINK MOUNT ASSEMBLIES

Models 75 thru 200 fit easily under a 14" deep sink without modification. Our short top housing allows models 300 and 500 to also fit under 14" deep sinks.

## ADAPTORS

Replacement of all major brands with a Salvajor disposer is made easier and quicker using Salvajor adaptor mounting kits.

### Under 500 meals per day

Models 75, 100
150 or 200

### Over 500 meals per day

Model 300 or 500

## DISPOSER CONTROLS

**MSS -** Basic Start/ Stop operation for use in small kitchens and prep areas.

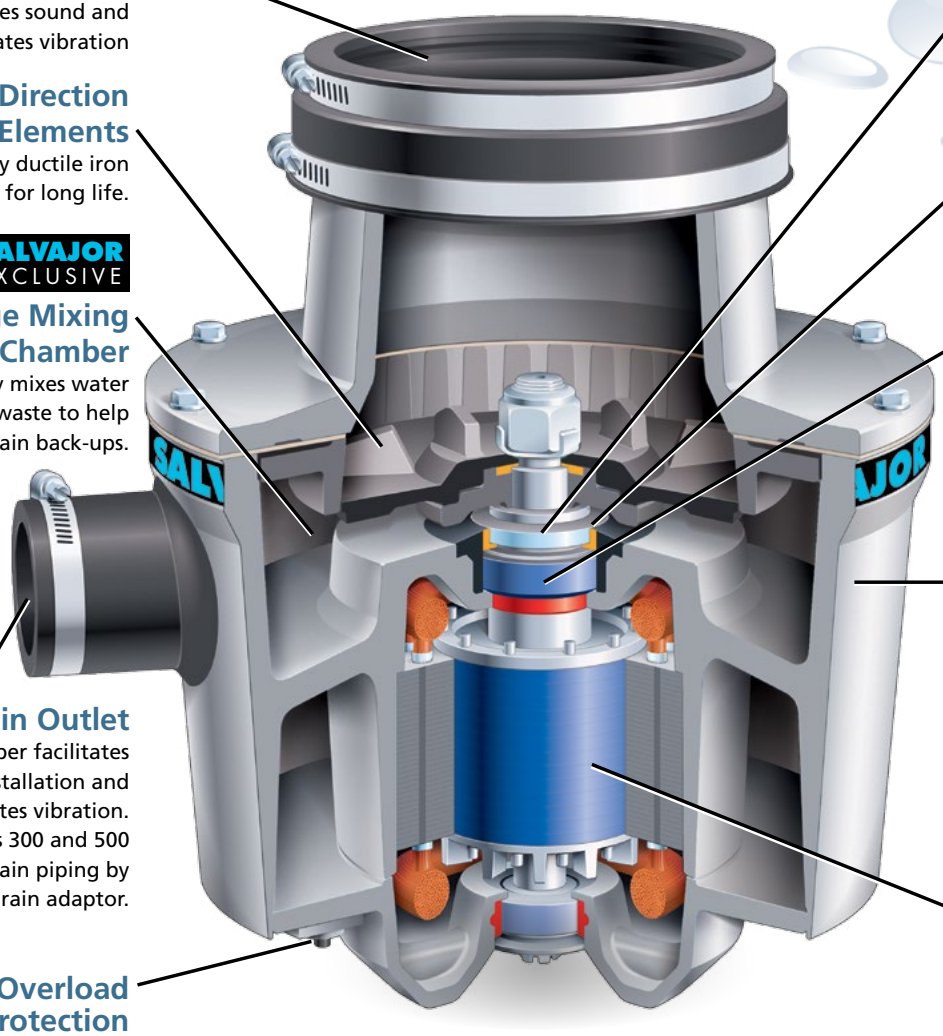
**MRSS -** Basic manual reversing operation. Reversing motor direction increases cutter life.

**ARSS -** Automatic Reversing operation. HydroLogic control provides energy and water saving timer feature and drain flush. For use in medium to large kitchens.

All controls are available with Line Disconnect and are NEMA 4 watertight.

HYDROLOGIC®
WATER & ENERGY SAVING TECHNOLOGY

# FEATURES



### Quiet Operation
Rubber mounting adaptor isolates sound and eliminates vibration

### Dual Direction Cutting Elements
Heavy ductile iron austempered for long life.

SALVAJOR EXCLUSIVE

### Large Mixing Chamber
Properly mixes water with waste to help eliminate drain back-ups.

### Drain Outlet
Long life rubber facilitates easy installation and eliminates vibration. Models 300 and 500 accept 3" drain piping by removing drain adaptor.

### Thermal Overload Protection
Reduces the risk of motor burnout and assures longer life.

### Precision Machined Wear Sleeve
Close tolerances and hardened stainless steel provides long seal life.

### Extended Lip Water Seal
Protects the motor from water damage.

### Tapered Roller Bearing
Provides long motor life, quiet operation and a superior shock absorbing system.

SALVAJOR EXCLUSIVE

### Permanent Mold Body
Our exterior housing is molded from a corrosion resistant, aircraft grade aluminum alloy, CNC machined to a chrome-like finish.

SALVAJOR EXCLUSIVE

### Heavy Duty Energy Efficient Water Cooled Motor
Our water cooled motor provides maximum energy efficiency and longer motor life.

4 cutting rotors in order to match horsepower with grinding capacity.

Horsepower: ¾ - 1 - 1½ - 2

Horsepower: 3 - 5

*Today's Salvajor disposers are the result of a half century of innovation. Every Salvajor disposer benefits from exclusive features.*
