

The background of the entire page is a close-up photograph of numerous water droplets of various sizes on a light gray, slightly textured surface. The droplets are in sharp focus, with some showing highlights and shadows that give them a three-dimensional appearance.

SAFEMOR®

Disposers and Controls

DISPOSERS

CONE ASSEMBLIES

Choose the cone size that best suits your scrapping needs. We manufacture cones in 12, 15 and 18 inch diameters with optional covers to match.

SINK MOUNT ASSEMBLIES

Models 75 thru 200 fit easily under a 14" deep sink without modification. Our short top housing allows models 300 and 500 to also fit under 14" deep sinks.

ADAPTORS

Replacement of all major brands with a Salvajor disposer is made easier and quicker using Salvajor adaptor mounting kits.

Under 500 meals per day

Models 75, 100
150 or 200

Over 500 meals per day

Model 300 or 500

DISPOSER CONTROLS

MSS - Basic Start/Stop operation for use in small kitchens and prep areas.

MRSS - Basic manual reversing operation. Reversing motor direction increases cutter life.

ARSS - Automatic Reversing operation. HydroLogic control provides energy and water saving timer feature and drain flush. For use in medium to large kitchens.

All controls are available with Line Disconnect and are NEMA 4 watertight.

FEATURES

Quiet Operation

Rubber mounting adaptor isolates sound and eliminates vibration

Dual Direction Cutting Elements

Heavy ductile iron austempered for long life.

SALVAJOR
EXCLUSIVE

Large Mixing Chamber

Properly mixes water with waste to help eliminate drain back-ups.

Drain Outlet

Long life rubber facilitates easy installation and eliminates vibration. Models 300 and 500 accept 3" drain piping by removing drain adaptor.

Thermal Overload Protection

Reduces the risk of motor burnout and assures longer life.

Precision Machined Wear Sleeve

Close tolerances and hardened stainless steel provides long seal life.

Extended Lip Water Seal

Protects the motor from water damage.

Tapered Roller Bearing

Provides long motor life, quiet operation and a superior shock absorbing system.

SALVAJOR
EXCLUSIVE

Permanent Mold Body

Our exterior housing is molded from a corrosion resistant, aircraft grade aluminum alloy, CNC machined to a chrome-like finish.

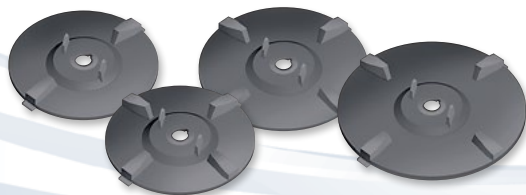

SALVAJOR
EXCLUSIVE

Heavy Duty Energy Efficient Water Cooled Motor

Our water cooled motor provides maximum energy efficiency and longer motor life.

4 cutting rotors in order to match horsepower with grinding capacity.

Horsepower:
3/4 - 1 - 1 1/2 - 2

Horsepower:
3 - 5

Today's SalvaJor disposers are the result of a half century of innovation. Every SalvaJor disposer benefits from exclusive features.
