

Make Every Drop Count...

If you are not using a Bar Maid Premium Pour Measured Pourer you may as well be using a faucet!

**Free pouring
is the same as
leaving money
on the bar!**

EXAMPLE:

1 case (twelve .75 ltr bottles)
= 304 ounces and yields 243
1 1/4 ounce pours

With just 1/4 ounce over pour per
drink you only get 203 drinks
per case

At \$6 a drink, the bar owner could
be losing \$240 profit per case

7 cases a week results in
\$87,360 of lost profit per year!

**Premium Pour
Measured Pourers
provide accuracy,
drink consistency
& more profit!**

The patented
three ball design
makes Premium Pour
the most accurate
pourer available!

Why Premium Pours are "Best in the Bar"...

- 1) Pourer ball bearings don't fall into the bottle thanks to our special patented design.
- 2) Smoother pour with less sticking ensured by a primer ring to channel liquor around the inner ball bearing.
- 3) Greater accuracy means more profit per bottle thanks to the patented three ball design.
- 4) Easy removal with our "lock-on" collar.
- 5) Four popular shot sizes 3/4, 1, 1 1/4, 1 1/2 ounces.
- 6) Four colors - blue, clear, green and red.
- 7) Wide cork (larger bottles) and flip-tops (to keep the fruit flies out) available.

No Collar

Available Pre-measured sizes
3/4 oz, 1 oz, 1 1/4 oz & 1 1/2 oz

Product Part Numbers
BMP-1078B Through BMP-1150R
