

The Durable Service Tray with Lasting Presentation

- Durable construction maintains quality and appearance for years of service.
- Non-skid surface provides stable handling during service.
- NSF listed.

CAMBRO
TRUSTED FOR GENERATIONS™

The Service Tray You Can Depend On

The Camtread is the standard service tray for bars and restaurants, banquet facilities and caterers. Its durable construction withstands rough and repetitive handling, maintaining longevity and appearance without wearing and tearing the surface or the edges.

The rubber non-skid surface keeps meals and beverages in place, providing the waitstaff with the confidence to efficiently balance and navigate trays through busy bars and dining rooms. Personalize Camtread trays with a logo or image to promote your brand.

- Trays feature stacking lugs for fast drying and storage.
- High temperature dishwasher safe.
- Made of durable fiberglass.

CODE	DIMENSIONS	CASE PACK
